FDD Abstract

25X1

SHIP MOVEMENTS IN THE PORTS OF STRALSUND AND ROSTOCK

25X1

25X1

and departures in the ports of Stralsund and Rostock

lists of ship arrivals

25X1

25X1

The first list was prepared by the Stralsund Port Administration and contains the following information regarding the departure and arrival of ships in that port: Date of arrival and departure; name of the ship; homeport; tonnage; cargo; port of origin and destination. A total of 22 vessels called at the Port of Stralsund during this period. The ports of call of the ships were Kaliningrad, Leningrad, Gdynia and Hamburg. Ships coming from Hamburg brought fertilizer, chemicals and one shipment of cogwheels and returned to Hamburg with grain. Ships coming from Gdynia brought coal and returned with pitwood. The remainder of the ships carried the following cargo from and to the USSR: fertilizer, grain, coal, wood, chemicals, steel plates, diesel motors, machine tools, paraffin, and synthetic rubber.

The second list was prepared by the GDR-Soviet Transport Agency (Derutra) at the port of Rostock. The list contains the following information: Date of arrival and departure; name of ship; tonnage; cargo; port of origin and destination. A total of 30 ships called at this port during this period coming from the same ports as indicated in the first list. The shipments from and to Gdynia and Hamburg are the same as in the Stralsund list while the ships from and to the USSR carried in addition to the above listed items cable, optical instruments, cement, steel and iron girders, and armor.
